

**REMARKS**

Claims 1-6, 11, 12, 14-25, and 27 are pending in this application and under consideration. The specification has been amended.

**Interview Summary**

The Applicants submit the following summary of the telephone interview that took place March 20, 2007 between the undersigned representative of the Applicants and the Examiner.

Telephone Conference:

The Applicants thank the Examiner for the many courtesies extended to the undersigned representative of the Applicants during the telephone interview that took place March 20, 2007. The Examiner called to say the application is in condition for allowance, and a Notice of Allowance has in fact been issued, but that quality review personnel at the United States Patent and Trademark Office were holding up mailing of the Notice of Allowance.

In particular, the Examiner relayed the contents of a communication from the quality review personnel, objecting to the use of the phrase "communication medium" at page 38, line 6, of the specification. The foregoing amendment removes the phrase "communication medium," and thus the application is believed to be in condition for allowance.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
